

DEPARTMENT OF CIVIL ENGINEERING
N. M. NEWMARK, HEAD

UNIVERSITY OF ILLINOIS, URBANA, ILLINOIS 61801

June 28, 1967

25X1A9A

Reference is made to your letter of June 23 concerning your interest in our graduate programs in photogrammetric and geodetic engineering. Enclosed please find some informational material about our graduate as well as the undergraduate offerings in this area. Undergraduate and graduate admission forms enclosed as per your request. Under a separate cover, we are sending to you the undergraduate and graduate catalogues of the university.

Applying for admission in September 1967, is rather late at this time, unless your grade point average is excellent. If your grade point average is 4.0 or above, I would recommend that you apply immediately. Otherwise, I think it would be better to apply for the Spring 1967/68 Semester. Please send in your application if you are interested at your earliest convenience, the earlier the better.

Thank you for your interest in our programs.

Sincerely yours,

H.M. Karara
Professor of Civil Engineering
